VALIDATION DECISION

We have completed our validation of your proposal for the modification to the title of your **Broadcasting Television – Digital Post-Production** program to **Visual Effects and Editing for Contemporary Media**, which was submitted to us on **February 24, 2010**.

Please accept this as our validation of your proposal. After a review of current usage of this terminology with existing programs in the system and a review of the mapping of program outcomes provided with your application for the title modification, it was determined that the proposed title would be validated. It is understood this modified title will become effective for the program with the students entering in **September 2011**.

Please note the existing MTCU code (**71903**) will change for this program and the program will now be categorized under MTCU code **71901**. However, the current APS Number (**FANS 01175**) will not change for this program.

I have sent your documents on to the Colleges Unit, MTCU for their information and records.

Sincerely,

Tim Klassen
